Facility Code:

Section 1. Facility Staffing

Instructions: Direct these questions to the human resources team. Do not include students in any of the staff member counts (clinical technicians can be counted as clinical officers). Do not leave any variable blank (write “0” if no staff).

1A. Facility Staffing Numbers

No.	Item	Response
1.01	How many staff are assigned to the neonatal unit?	
1.01a	General Medical Doctor	Staff: Locum:
1.01b	Paediatrician	Staff: Locum:
1.01c	Neonatologist	Staff: Locum:
1.01d	General nurse	Staff: Locum:
1.01e	Paediatric nurse	Staff: Locum:
1.01f	Neonatal nurse	Staff: Locum:
1.01g	Clinical officer	Staff: Locum:
1.02	How many staff are assigned exclusively to the neonatal unit? (Staff working ONLY on the neonatal unit. Do not include those who also work in the postnatal or paediatrics ward, for example)	
1.02a	General Medical Doctor	Staff: Locum:
1.02b	Paediatrician	Staff: Locum:
1.02c	Neonatologist	Staff: Locum:
1.02d	General nurse	Staff: Locum:
1.02e	Paediatric nurse	Staff: Locum:
1.02f	Neonatal nurse	Staff: Locum:
1.02g	Clinical officer	Staff: Locum:

1B. Established Positions for Staff

No.	Item	Response
1.03	How many established positions does this facility have for neonatal ward clerks?	

Facility Name:

Facility Code:

No.	Item	Response
1.04	How many established positions does this facility have for (bio)med technicians/engineers?	
1.05	How many established positions does this facility have for laboratory technicians?	

1C. Number of Students Rotating in the Neonatal Unit Today

No.	Item	Response
1.06	How many medical students are rotating in the neonatal unit today ?	
1.07	How many nursing students are rotating in the neonatal unit today ?	
1.08	How many clinical officer students are rotating in the neonatal unit today ?

Section 2. Facility Policies and Working Conditions

Instructions: Direct these questions to the nurse in charge. Do not leave any variable blank. If a response is unknown, write "unknown" or select "unknown" from the multiple-choice answers.

No.	Item	Response	Skip to
Contract and Job Description			
2.01	How long have you been working in this facility? (Select one)	☐ Less than 3 months ☐ 3 – 6 months ☐ 6 – 12 months ☐ 1 – 2 years ☐ More than 2 years	—
2.02	Are you on a short term (<1 year) or long term (>1 year) contract? (Select one)	☐ Short term (<1 year) ☐ Long term (>1 year)	—
2.03	When did you last receive any on-the-job training in newborn health? (Select one) (This includes any training while doing the job, including mentorship, informal training, shadowing, side-by-side work, etc.)	☐ Never ☐ In the last 6 months ☐ In the last year ☐ More than a year ago	—
2.04	Do you currently have a written job description for your position?	☐ Yes ☐ No	If "No", 2.06
2.05	Do you have a copy of the job description?	☐ Yes ☐ No	—
2.06	Does this facility have a written management structure or an organogram that details reporting relationships?	☐ Yes ☐ No ☐ Unknown	—
2.07	Is the reporting structure for administrative purposes clear to you?	☐ Yes ☐ No	—
2.08	Do you ever complete or make reports that are sent to the next administrative level?	☐ Yes ☐ No	—
Staff Rotations			
2.09	Does this facility have a policy on staff rotation to different units in the facility? (This would be a policy intended to manage the rotation of staff effectively)	☐ Yes ☐ No ☐ Unknown	—
2.10	Does this facility conduct staff rotations in and out of the neonatal unit?	☐ Yes ☐ No	If "No", 2.13
2.11	Was there a staff rotation of nurses on the neonatal unit within the last 12 months?	☐ Yes ☐ No	If "No", 2.13
2.12	How many nurses were rotated out of the neonatal unit during the last staff rotation?	Number:	—

Facility Name:

Facility Code:

No.	Item	Response	Skip to
2.13	Do you have an up-to-date daily staff rota which details the shifts of all clinical staff in the neonatal unit? If yes, how many weeks does it cover? (Ask to see latest staff roster) (Select one)	☐ No staff rota available ☐ Staff rota for the next 4 weeks available ☐ Staff rota for the next 2 weeks available ☐ Staff rota for the next week available ☐ Staff rota available, but not up-to-date	—
2.14	Do you have a designated person who develops the staff rota for nurses in the neonatal unit?	☐ Yes ☐ No	—
Staff Cell Phone Policy			
2.15	Do you use your cell phone to talk with patients or other providers?	☐ Yes ☐ No	If "No", skip to next section
2.16	Can you estimate approximately how much you have paid out of pocket to talk with patients or other providers in the last 7 days?	Amount:	—
2.17	<i>For data collector only: What currency are the out-of-pocket costs above estimated in?</i>		—
2.18	Have you been reimbursed for these costs?	☐ Yes ☐ No	—

Facility Code:

Section 3. Neonatal Unit Staffing

Instructions: 1) Direct these questions to the nurse in charge of the neonatal unit. 2) **“Physically present”** means that there is at least one staff member in this category who is physically present in the facility. This can include any staff who provide care on the neonatal unit, but also work on other wards, such as the paediatric or postnatal wards. 3) **“On call”** means that the worker can be contacted, and if called, could reach the facility in less than 30 minutes, or if they are able to provide all necessary support needed by telephone. **“On call”** excludes the staff that are physically present at the time. 4) Ask about each health care worker cadre. Do not include students in any of the staff member counts. 5) If any number is unknown, write “unknown”. 6) Do not leave any variable blank (write “0” if no staff).

3A. Neonatal Unit Shifts and Assignments

No.	Item	Response
	Neonatal Unit Shifts	
3.01	How many hours per day is each shift expected to cover? <i>(Write N/A if the neonatal unit does not have a shift)</i>	
3.01a	Morning shift	Hours:
3.01b	Afternoon shift	Hours:
3.01c	Evening shift	Hours:
3.01d	Night shift	Hours:
3.02	How many hours did you work in the last 7 days?	Hours:
3.03	How many nights in a row did you work when you were last on night duty?	Nights:
3.04	How many nights off did you receive after being on night duty?	Nights off:
	How many of the following staff are currently assigned to the neonatal unit? <i>(This includes all staff assigned to work on the neonatal unit, including staff who also work on other units (e.g. postnatal or pediatrics ward)).</i>	
3.05	General Medical Doctor	Staff:
3.06	Paediatrician	Staff:
3.07	Neonatologist	Staff:
3.08	General nurse	Staff:
3.09	Paediatric nurse	Staff:
3.10	Neonatal nurse	Staff:
3.11	Clinical officer	Staff:
3.12	Other <i>(please specify)</i> :	Staff:
3.13	Other <i>(please specify)</i> :	Staff:
3.14	Other <i>(please specify)</i> :	Staff:

Facility Name:

Facility Code:

3B. Staff Providing Care in Neonatal Unit (Regular Schedule (not on-call staff))

No.	Shift	General Medical Doctor	Paediatrician	Neonatologist	General Nurse	Paediatric Nurse	Neonatal Nurse	Clinical Officer
3.15		How many providing care on the neonatal unit are physically present in the facility during these shifts? (Fill in the blank; write 0 if none are physically present. Staff who provide care on the neonatal unit can also provide care to newborns elsewhere at the facility (e.g., postnatal unit, paediatric unit, KMC unit)).						
3.15a	Weekday (e.g., Monday – Friday) (Day)							
3.15b	Weekday (e.g., Monday – Friday) (Night)							
3.15c	Weekend (e.g., Saturday-Sunday) (Day)							
3.15d	Weekend (e.g., Saturday-Sunday) (Night)							
3.15e	Today							
3.15f	Last night							
3.16		Of those who are physically present, how many provide care exclusively on the neonatal unit during these shifts? (Fill in the blank; write 0 if none. Staff providing care exclusively on the neonatal unit work only on the neonatal unit (not also on the postnatal unit or paediatrics ward, for example)).						
3.16a	Weekday (e.g., Monday – Friday) (Day)							
3.16b	Weekday (e.g., Monday – Friday) (Night)							
3.16c	Weekend (e.g., Saturday-Sunday) (Day)							
3.16d	Weekend (e.g., Saturday-Sunday) (Night)							
3.16e	Today							
3.16f	Last night							

Facility Name:

Facility Code:

3C. Staff Providing Care in Neonatal Unit (On-call Schedule)

No.	Shift	General Medical Doctor	Paediatrician	Neonatologist	General Nurse	Paediatric Nurse	Neonatal Nurse	Clinical Officer
3.17		How many providing care on the neonatal unit are on-call during these shifts? <i>(Fill in the blank; write 0 if none are physically present. Someone is considered on call if they can be called and reach the hospital within 30 minutes, or if they are able to provide all necessary support needed by telephone. On call excludes the staff that are physically present at the time.)</i>						
3.17a	Weekday (e.g. Monday – Friday) (Day)							
3.17b	Weekday (e.g. Monday – Friday) (Night)							
3.17c	Weekend (e.g. Saturday-Sunday) (Day)							
3.17d	Weekend (e.g. Saturday-Sunday) (Night)							
3.17e	Today							
3.17f	Last night							

Section 4. Clinical Care Policies and Guidelines

Instructions: Please have all participants fill in their names and positions below, before completing the following forms in *Section 4. Clinical Care Policies and Guidelines*.

[illegible]

Facility Name:

Facility Code:

Section 4. Clinical Care Policies and Guidelines

Instructions: Direct these questions to the nurse in charge. Please ask the nurse in charge if the following guidelines are available. If a guideline is available, continue to verify if it is easily accessible. All guidelines must be seen in order to select “Yes” to being available and to being easily accessible. In order to select “Yes” to easily accessible, the nurse must know where the guideline is stored and be able to retrieve it quickly. Note that some of these guidelines might be found on the labour and delivery ward. If any guideline is part of a larger protocol, counts this as being available.

No.	Item	Response
General Newborn Care Protocols: <i>Does the facility have...?</i>		
4.01	BEmOC and CEmOC guidelines	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
Newborn Resuscitation Protocols: <i>Does the facility have...?</i>		
4.02	Wall charts/action sequences for neonatal resuscitation (e.g. HBB flowchart, ETAT+ flowchart)	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
4.03	Neonatal resuscitation guidelines	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
Thermal Protection Protocols for Newborns: <i>Does the facility have...?</i>		
4.04	Thermal protection guidelines	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
Prevention of Mother to Child Transmission (PMTCT) Protocols: <i>Does the facility have...?</i>		
4.05	PMTCT guidelines	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
Breastfeeding Protocols: <i>Does the facility have...?</i>		
4.06	Standards on immediate initiation and exclusive breastfeeding	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
4.07	Maternal, Infant and Young Child Nutrition guidelines	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
4.08	“Ten steps to successful breastfeeding” or implementation of International Code of Marketing of Breast-milk Substitutes written policy	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
Hypoglycaemia and IV Fluids Protocols: <i>Does the facility have...?</i>		
4.09	Fluid, volume, and medication guidelines	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
4.10	Prevention and management of hypoglycaemia in those at risk of impaired metabolic adaptation guidelines	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today

Facility Name:

Facility Code:

No.	Item	Response
Kangaroo Mother Care (KMC) Protocols: <i>Does the facility have...?</i>		
4.11	Kangaroo Mother Care guidelines	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
4.12	Immediate Kangaroo Mother Care (iKMC) guidelines	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
Safe Oxygen Delivery Protocols: <i>Does the facility have...?</i>		
4.13	Classification of breathing difficulty and SpO2 thresholds and protocols for oxygen therapy and monitoring	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
4.14	Assessment, management, and prevention of apnoea guidelines	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
Alternative Feeding and Nutrition Protocols: <i>Does the facility have...?</i>		
4.15	Infant feeding for the neonatal unit, including enteral feeding volumes by weight and age guidelines	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
4.16	IV fluid volumes guidelines	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
4.17	Fluid balance and feeding chart (fluid input and output)	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
4.18	Providing vitamin D, calcium, phosphorus and iron supplements for very-low-birth-weight newborns protocol	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
Phototherapy Protocols: <i>Does the facility have...?</i>		
4.19	Treatment thresholds for phototherapy	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
4.20	Treatment thresholds for exchange transfusion	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
4.21	Use of phototherapy units (e.g., positioning of phototherapy lamps)	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
Seizure Management Protocols: <i>Does the facility have...?</i>		
4.22	Guidelines on management of newborn convulsions and spasms	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
Continuous Positive Airway Pressure (CPAP) Protocols: <i>Does the facility have...?</i>		
4.23	CPAP initiation and weaning protocols	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today

Facility Name:

Facility Code:

No.	Item	Response
4.24	CPAP wall chart	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
Mechanical Ventilation Protocols: Does the facility have...?		
4.25	Mechanical ventilation guidelines	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
Blood Transfusion Protocols: Does the facility have...?		
4.26	Blood transfusion procedural guidelines	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
4.27	Exchange transfusion procedural guidelines	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
4.28	Blood transfusion monitoring chart	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
Congenital Abnormalities Protocols: Does the facility have...?		
4.29	Assessment and management of newborns with congenital abnormalities, including for specialist consultation and referral pathways guidelines	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
Neonatal Encephalopathy Protocols: Does the facility have...?		
4.30	Assessment and management of neonatal encephalopathy in newborns guidelines	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
Retinopathy of Prematurity Protocols: Does the facility have...?		
4.31	Prevention, screening and documentation of retinopathy of prematurity guidelines	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
4.32	Treatment of retinopathy of prematurity guidelines	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
Congenital Syphilis Protocols: Does the facility have...?		
4.33	Management of congenital syphilis guidelines	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
Anaemia Protocols: Does the facility have...?		
4.34	Assessment and management of anaemia in small and sick newborns guidelines	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
Skin and Nasal Trauma Protocols: Does the facility have...?		
4.35	Prevention, monitoring, detection and management of complications related to health care equipment, devices and practices, including skin erythema, skin breakdown, pressure sores, nasal trauma, and tissue injury guidelines	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today

Facility Name:

Facility Code:

No.	Item	Response
Ophthalmia Neonatorum Protocols: <i>Does the facility have...?</i>		
4.36	Prevention and management of ophthalmia neonatorum in newborns guidelines	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
Pre-referral Protocols: <i>Does the facility have...?</i>		
4.37	Pre-referral management of all small and sick newborns who require referral protocol	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
Handover Protocols: <i>Does the facility have...?</i>		
4.38	Structured, standard form for written handover of newborns among care teams at shift changes or during transfer among facilities protocol	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today
Follow-Up of At-Risk Protocols: <i>Does the facility have...?</i>		
4.39	Follow-up of at-risk newborns protocol	☐ Available and easily accessible ☐ Available but not easily accessible ☐ Not available today

Facility Code:

5C. Signal functions performed in the last 4 weeks

Instructions: Direct these questions to the nurse in charge. Read the question and answer options out loud. Do not leave any items blank.

No.	Item	Response	Skip to
Infection Control			
5.15	Do all healthcare workers always wash their hands with soap or use hand sanitiser before and after handling each baby?	☐ Yes ☐ No	
5.16	If healthcare workers sometimes or never wash their hands with soap or use hand sanitiser before and after handling each baby, what prevents them from doing it all the time? (Select all that apply below)	☐ lack of soap ☐ lack of running water ☐ lack of sinks ☐ sinks too far away ☐ lack of towels ☐ training needed ☐ not enough time/too many patients ☐ unmotivated ☐ unsupportive management ☐ no challenges	
Supporting Mothers to Exclusively Breastfeed			
5.17	Have mothers been supported in exclusive breastfeeding in the last 4 weeks?	☐ Yes ☐ No	
5.18	What are the challenges you faced in the last 4 weeks in supporting mothers to exclusively breastfeed?	☐ restricted neonatal unit visitation hours ☐ lack of any space to express/breastfeed ☐ training needed ☐ lack of expressing supplies or equipment ☐ unsupportive management ☐ declined by family/consent not given ☐ not enough time/too many patients ☐ no challenges	
Resuscitation with Bag and Mask			
5.19	Has neonatal resuscitation with bag and mask been performed in the last 4 weeks?	☐ Yes ☐ No	
5.20	What are the challenges you faced in the last 4 weeks in providing neonatal resuscitation with bag and mask to every newborn who needed it?	☐ no babies required treatment ☐ not enough time/too many patients ☐ training needed ☐ lack of supplies, equipment, drugs ☐ unsupportive management ☐ no challenges	
Hypoglycaemia			
5.21	Has hypoglycaemia treatment been provided to neonates in the last 4 weeks?	☐ Yes ☐ No	
5.22	What are the challenges you faced in the last 4 weeks in providing hypoglycaemia treatment to every newborn who needed it?	☐ no babies required treatment ☐ not enough time/too many patients ☐ training needed ☐ lack of supplies, equipment, drugs ☐ lack of power/backup power for equipment ☐ unsupportive management	

Facility Name:

Facility Code:

No.	Item	Response	Skip to
		☐ declined by family/consent not given ☐ no challenges	
Kangaroo Mother Care (KMC)			
5.23	Has support for KMC been provided in the last 4 weeks?	☐ Yes ☐ No	
5.24	What are the challenges you faced in the last 4 weeks in providing support for KMC to every newborn who needed it?	☐ no babies required treatment ☐ not enough time/too many patients ☐ training needed ☐ no or not enough space designated for KMC ☐ lack of KMC beds ☐ unsupportive management ☐ declined by family/consent not given ☐ no challenges	
Thermal Protection			
5.25	Has thermal protection been provided to neonates in the last 4 weeks?	☐ Yes ☐ No	
5.26	What are the challenges you faced in the last 4 weeks in providing thermal protection to every newborn who needed it?	☐ no babies required treatment ☐ not enough time/too many patients ☐ training needed ☐ lack of supplies, equipment, drugs ☐ lack of power/backup power for equipment ☐ unsupportive management ☐ declined by family/consent not given ☐ no challenges	
Administration of Oxygen			
5.27	Has oxygen been administered to neonates in the last 4 weeks?	☐ Yes ☐ No	
5.28	What are the challenges you faced in the last 4 weeks in administering oxygen to every newborn who needed it?	☐ no babies required treatment ☐ not enough time/too many patients ☐ training needed ☐ lack of oxygen ☐ faulty oxygen concentrators/cylinders/wall ports ☐ lack of oxygen supply accessories ☐ lack of power/backup power for equipment ☐ unsupportive management ☐ declined by family/consent not given ☐ no challenges	
Alternative Feeding			
5.29	Has alternative feeding (breastmilk substitute) been provided to neonates in the last 4 weeks?	☐ Yes ☐ No	
5.30	What are the challenges you faced in the last 4 weeks in providing alternative feeding to every newborn who needed it?	☐ no babies required treatment ☐ not enough time/too many patients ☐ training needed ☐ lack of supplies to support feeding	

Facility Name:

Facility Code:

Section 6. Supervisory support, motivation, and training

Instructions: Direct these questions to the nurse in charge. Read the questions across the rows. The following section asks about the experience and training of the respondent regarding various services typically provided to newborns.

‘Pre-service training’ is defined as any training received before beginning formal work, generally during college or a certification process. **‘On the job training’** is defined as any training undertaken while you are doing the job, including mentorship, informal training, shadowing, and side-by-side work. **‘A formal in-service course’** is defined as any formal training undertaken during your employment period, but not while you are at work. This could include any offsite or onsite training course.

6A. Clinical Experience and Training

No.	Service	A) Were you trained during pre-service training on how to...?		B) Have you in the past 5 years received a formal in-service course on how to...?		C) Have you in the past 5 years received on the job training on how to...?		D) Did you provide this service at this facility in the last 4 weeks?	
6.01	Provide breastfeeding support	☐ Yes	☐ No	☐ Yes	☐ No	☐ Yes	☐ No	☐ Yes	☐ No
6.02	Resuscitate a newborn with bag and mask	☐ Yes	☐ No	☐ Yes	☐ No	☐ Yes	☐ No	☐ Yes	☐ No

6C. Support and Supervision

Instructions: This section should be filled out by the nurse as a **written questionnaire**. Do not record the name of the respondent anywhere on this form.

Please read the following to the respondent in order to continue.

Instructions to the Respondent: During the first part of the interview, you agreed to answer our questions about your training. The final questions relate to your experience working in this facility and your answers might be considered more private. Thus, we are asking you again to agree to answer several more questions and to guarantee your anonymity and confidentiality. Your response will never be shared with the facility. We request that you do not record your name anywhere on the questionnaire. Again, your participation is voluntary; you may choose to not answer a particular question or to end the interview at any time.

No.	Question	Response	
6.28	I agree to proceed with the interview	☐ Yes	☐ No

If the answer to this question is “No,” then mark “No” and the interview is concluded. If “Yes,” continue. The questionnaire for the respondent is on a separate page.

Facility Name:

Facility Code:

Part 1

Instructions: Please circle (or fill in) the choices that respond to your answer. If you have any questions related to how to fill in this questionnaire, you can ask the interviewer. Do not write your name on this paper.

No.	Question	Response		
1.01	Do you receive technical support or supervision in your work from someone senior in this facility? (Select one)	☐ No technical support or supervision ☐ Yes, in the last 3 months ☐ Yes, in the last 12 months ☐ Yes, but more than 12 months ago		
1.02	Do you receive technical support or supervision in your work from an external senior supervisor? (Select one)	☐ No technical support or supervision ☐ Yes, in the last 3 months ☐ Yes, in the last 12 months ☐ Yes, but more than 12 months ago		
1.03	Thinking back to the last time you were supervised, did the supervisor do any of the following?	Yes	No	
1.03a	Check your records or reports	☐	☐	
1.03b	Observe your work	☐	☐	
1.03c	Provide any feedback (either negative or positive) on your performance	☐	☐	
1.03d	Provide updates on administrative or technical issues related to work	☐	☐	
1.03e	Discuss problems you have encountered	☐	☐

Part 2

2A. Perceived Supervisory Support

Instructions: Thinking about your most immediate supervisor, please indicate your level of agreement with the statements below. Circle the number that indicates your level of agreement in the response column. Outlined in this chart are different levels of agreement ranging from 1 to 5.

1	2	3	4	5
Strongly disagree	Disagree	Neither agree nor disagree	Agree	Strongly agree

Statement	Response				
My supervisor values my contribution.	1	2	3	4	5
If my supervisor could hire someone to do my work at a lower salary, s/he would do so.	1	2	3	4	5
My supervisor fails to appreciate any extra effort from me.	1	2	3	4	5
My supervisor considers my goals and values.	1	2	3	4	5
My supervisor would ignore any complaint from me.	1	2	3	4	5
My supervisor does not regard my best interests when s/he makes decisions that affect me.	1	2	3	4	5
Help is available from my supervisor when I have a problem.	1	2	3	4	5
My supervisor really cares about my well-being.	1	2	3	4	5
Even if I did my best job possible, my supervisor would fail to notice.	1	2	3	4	5
My supervisor is willing to help when I need a special favour.	1	2	3	4	5
My supervisor cares about my general satisfaction at work.	1	2	3	4	5
If given the opportunity, my supervisor would take advantage of me.	1	2	3	4	5
My supervisor shows very little concern for me.	1	2	3	4	5
My supervisor cares about my opinions.	1	2	3	4	5
My supervisor is proud of my accomplishments at work.	1	2	3	4	5
My supervisor tries to make my work as interesting as possible.	1	2	3	4	5

2B. Motivation

Instructions: Thinking about your job in general, please indicate your level of agreement with the statements below. Circle the number that indicates your level of agreement in the response column. Outlined in this chart are different levels of agreement ranging from 1 to 5.

1	2	3	4	5
Strongly disagree	Disagree	Neither agree nor disagree	Agree	Strongly agree

Statement	Response				
These days, I feel motivated to work as hard as I can.	1	2	3	4	5
Overall, I am very satisfied with my job.	1	2	3	4	5
I am satisfied with the opportunity to use my abilities in my job.	1	2	3	4	5
I do not feel like I accomplish anything worthwhile on this job.	1	2	3	4	5
I am proud to be working for this facility.	1	2	3	4	5
I would rather work for another facility.	1	2	3	4	5
This hospital really inspires me to do my very best on the job.	1	2	3	4	5
I always complete my tasks efficiently and correctly.	1	2	3	4	5
I am a hard worker.	1	2	3	4	5
I am punctual about coming to work (within 15 minutes of start-time).	1	2	3	4	5
What is the biggest factor contributing to your motivation or lack of motivation in your job? (Select one)	☐ Neonatal unit infrastructure ☐ Equipment and supplies ☐ Management support ☐ Team spirit ☐ Compensation ☐ Other (specify below)				

Facility Name:

Facility Code:

2C. Working Conditions

Statement	Response				
On a scale of 1 to 5, where 1 is low and 5 is high, how would you rate...					
The rewards you receive from your organisation?	1	2	3	4	5
The resources available to do your job?	1	2	3	4	5
The distribution of resources among your fellow employees?	1	2	3	4	5
Among various things related to your working situation that you would like to see improved, tell me the 3 that you think would most improve your ability to provide high quality services. Please tell me what they are in order of importance with the first one being the most important. <i>(Enter the corresponding letters in the spaces for "First", "Second", and "Third" in the response column)</i>	Ranking				
a. More support from supervisor	First:				
b. More knowledge/updates/training					
c. More supplies/stock					
d. Better quality supplies/stock					
e. Less workload (e.g., more staff)	Second:				
f. Better working hours					
g. More incentives (salary, promotion, holidays)					
h. Transportation for referral patients					
i. Better facility infrastructure (for patient or staff comfort)	Third:				
j. More autonomy/independence					
k. Other (specify below):					
Did you receive your salary on time last month?	☐ Yes ☐ No
