Facility Code:

Module Overview for Facility Infrastructure

Section 1. Facility Identification (to be filled out before visit)

Section 2. Facility Infrastructure (direct questions to management)

Section 3. Physical Areas at the Facility (direct questions to management)

Section 4. Autoclave and Sterilisation (direct questions to person in charge of autoclaving and sterilisation)

Section 5. Communication and Information Systems Infrastructure (direct questions to communications officer)

Section 6. Transportation (direct questions to transportation officer)

Facility Name:

Facility Code:

Section 1. Facility Identification

Instructions: Copy the Facility Code onto each page before the team begins to collect data. Direct these questions to the facility management.

No.	Item	Response
1.01	Urban/Rural Designation (<i>Select one</i>)	☐ Urban ☐ Semi-Urban ☐ Rural
1.02	Type of Facility (<i>Select one</i>)	☐ Tertiary Hospital ☐ Secondary Hospital ☐ Primary Hospital ☐ Other (<i>specify below</i>)
1.03	Type of operating agency (<i>Select one</i>)	☐ Government ☐ Private (for profit) ☐ Nonprofit Organisation ☐ Religious Mission ☐ Military or Police ☐ Other (<i>specify below</i>)
1.04	Does this facility have a specified catchment area? (<i>A catchment area is a population that the facility serves</i>)	☐ Yes ☐ No ☐ Unknown
1.05	How many people are supposed to be in the catchment area for this facility? (<i>If unknown, write "unknown"</i>)	Number:
1.06	Is this area a designated hardship area? (<i>A hardship area must be an official government designation, usually used for regions experiencing insecurity or hard to reach areas</i>)	☐ Yes ☐ No ☐ Unknown

Section 2. Facility Infrastructure

Instructions: Direct these questions to the officer in charge. For some questions, you will need to ask and observe specific items/spaces at the facility. If a response is unknown, write “unknown” or select “unknown” from the multiple-choice answers.

Prompt: “I’d like to ask you a few questions about the facility’s overall capacity and infrastructure.”

No.	Item	Response	Skip to
Patient Numbers			
<i>(Use data from the previous calendar year for answers in Patient Numbers item)</i>			
2.01	How many deliveries take place at the facility annually?		—
2.02	How many patients are admitted to the neonatal unit annually?		—
2.03	How many neonates are referred <i>into</i> this facility annually?		—
2.04	How many neonates are referred <i>out</i> of this facility annually?		—
Beds			
2.05	How many beds are available for patients in all departments at this facility?		—
2.06	How many beds are available for maternity patients on the labour ward?		—
2.07	How many beds on the postnatal unit are there for maternity patients?		—
2.08	How many beds on the postnatal unit are there for newborns?		—
2.09	How many beds on the postnatal unit are joint maternity and newborn beds? <i>(This should include any beds where babies are sharing a bed with their mother)</i>		—
2.10	How many beds are there on the neonatal unit?		—
2.11	How many beds on the paediatric ward are dedicated exclusively to neonatal patients?		—
Electric power			
2.12	Does the facility have an energy management plan? <i>(An energy management plan outlines how to reduce energy use and ensure adequate energy supply for all operations.)</i>	☐ Yes ☐ No ☐ Yes, but not observed	—
2.13	Is this facility connected to the central electricity grid? <i>(Select “Yes” even if connection to grid is irregular)</i>	☐ Yes ☐ No	—
2.14	Thinking back over the last 7 days, has the power from the grid or a power back-up been interrupted for more than half an hour at a time at this facility?	☐ Yes ☐ No	—
Fuel-operated Generator			
2.15	Does this facility have a fuel-operated generator?	☐ Yes ☐ No ☐ Yes, but not observed	If “No”, 2.20
2.16	Are the fuel-operated generators functional today?	☐ All ☐ Some ☐ None	—

Facility Name:

Facility Code:

No.	Item	Response	Skip to
2.17	Do you have enough fuel to run the generator when needed?	☐ Yes ☐ No	—
2.18	Is there a maintenance contract in place for the fuel-operated generator? (This should be a formal maintenance contract with the supplier or distributor)	☐ Yes ☐ No ☐ Unknown	—
Battery Inverter			
2.19	Does this facility have a battery inverter?	☐ Yes ☐ No ☐ Yes, but not observed	If "No", 2.24
2.20	Are the battery inverters functional today?	☐ All ☐ Some ☐ None	—
2.21	Is there a maintenance contract in place for the battery inverter? (This should be a formal maintenance contract with the supplier or distributor)	☐ Yes ☐ No ☐ Unknown	—
Solar Power			
2.22	Does this facility have solar power?	☐ Yes ☐ No ☐ Yes, but not observed	If "No", 2.28
2.23	Are the solar power units functional today?	☐ All ☐ Some ☐ None	—
2.24	Is there a maintenance contract in place for the solar power? (This should be a formal maintenance contract with the supplier or distributor)	☐ Yes ☐ No ☐ Unknown	—
Water			
2.25	What is the main source of water? (Select one)	☐ Piped water from municipality ☐ Borehole (Hand pump) ☐ Borehole (Solar pump) ☐ Borehole (Electric pump) ☐ Well (Hand pump) ☐ Well (Electric pump) ☐ Well (Solar Pump) ☐ River ☐ Tank ☐ Rain water ☐ Other (specify below)	—
2.29	Is the main water source from this source onsite, within 500 meters of the facility, or beyond 500 meters of the facility? (Select one) (If "Piped water" selected as main source of water in 2.28, select "Onsite")	☐ Onsite ☐ Within 500 m of facility ☐ Beyond 500 m of facility	—

Facility Name:

Facility Code:

No.	Item	Response	Skip to
2.30	Is there a time of the year when the facility routinely has a shortage or lack of water? <i>(Routinely is defined as occurring more frequently than during an extenuating circumstance)</i>	☐ Yes ☐ No	—
2.31	Is there a reliable backup water supply available? <i>(Reliable is defined as providing the facility with water supply to meet all its needs while the main water source is not functioning)</i>	☐ Yes ☐ No	—
2.32	What are the sources of backup water? <i>(Select all that apply)</i>	☐ Piped water from municipality ☐ Borehole (Hand pump) ☐ Borehole (Solar pump) ☐ Borehole (Electric pump) ☐ Well (Hand pump) ☐ Well (Electric pump) ☐ Well (Solar Pump) ☐ River ☐ Tank ☐ Rain water ☐ Other (<i>specify below</i>)	—
Oxygen Systems			
2.33	Is there walled/piped oxygen in the facility?	☐ Yes ☐ No	—
2.34	Is there a bulk liquid oxygen tank at this facility?	☐ Yes ☐ No	If "No", 2.36
2.35	Is the liquid oxygen tank currently functioning?	☐ Yes ☐ No	—
2.36	Is there an oxygen plant at this facility?	☐ Yes ☐ No	If "No", 2.38
2.37	Is the oxygen plant currently functioning?	☐ Yes ☐ No	—

Facility Name:

Facility Code:

No.	Item	Response	Skip to
Newborn Care			
2.38	Where are small and sick newborns cared for at this facility? Select the highest level. (Select one) - A neonatal corner is a space within the labour and delivery ward, postnatal unit, or paediatric unit where small and sick newborns are cared for. - A special newborn care unit is a dedicated unit where small and sick newborns are cared for, but does not offer all of the high-level services of a NICU. Refer to national guidelines for designation. - A NICU is a unit at the tertiary level equipped to provide intensive care to neonates. Refer to national guidelines for designation.	☐ Neonatal Corner ☐ Special newborn care unit (separate neonatal unit) ☐ Neonatal intensive care unit (NICU)	If special or NICU, skip to 2.40
2.39	Where is the neonatal corner at this facility? (Read all response options out loud and select all that apply.)	☐ Labour and delivery ward ☐ Post-natal unit ☐ Paediatric ward ☐ Other (specify below)	
			—
2.40	Where else are small and sick newborns cared for at this facility? (Newborns can be cared for in different wards. Read all response options out loud and select all that apply. Select all locations at this facility where we could find small and sick newborns <28 days.)	☐ KMC unit ☐ Labour and delivery ward ☐ Post-natal unit ☐ Paediatric ward ☐ Other (specify below)	—
			—
Fire Safety			
2.41	Does the facility conduct fire drills at least once per year?	☐ Yes ☐ No ☐ Unknown	—
Sterile Supply Department			
2.42	Does the facility provide an onsite or offsite dedicated decontamination area or sterile supply department for medical devices and other equipment?	☐ Yes ☐ No	If "No", 3.01
2.43	Is the dedicated decontamination area or sterile supply department operated by a licensed decontamination management service?	☐ Yes ☐ No ☐ Unknown	—

Section 3. Physical Areas at the Facility

Instructions: For each physical area below, ask if the facility has a separate room. If the answer is yes, ask if electricity and water are functioning in the room at the time of the visit regardless of the source (e.g. central power, backup generator, backup water). You will need to observe each area at the facility. It is likely that you will have to walk around to different parts of the hospital to view all the areas. Continue interviewing the officer in charge.

No.	Physical Areas	a. Which of the following rooms/areas does the facility currently have?		b. Is electricity functioning in the room at the time of the visit?			c. Is water functioning in the room at the time of the visit?		
		Yes	No	Yes	No	Yes, but not observed	Yes	No	Yes, but not observed
3.01	Labour and delivery ward	☐	☐	☐	☐	☐	☐	☐	☐
3.02	Postnatal unit	☐	☐	☐	☐	☐	☐	☐	☐
3.03	General operating theatre	☐	☐	☐	☐	☐	☐	☐	☐
3.04	Maternity theatre	☐	☐	☐	☐	☐	☐	☐	☐
3.05	Special newborn care unit or NICU	☐	☐	☐	☐	☐	☐	☐	☐
3.06	Paediatric ward	☐	☐	☐	☐	☐	☐	☐	☐
3.07	Separate Kangaroo Mother Care (KMC) ward (outside of neonatal unit)	☐	☐	☐	☐	☐	☐	☐	☐
3.08	Laboratory	☐	☐	☐	☐	☐	☐	☐	☐
3.09	Blood Bank	☐	☐	☐	☐	☐	☐	☐	☐
3.10	Pharmacy	☐	☐	☐	☐	☐	☐	☐	☐

Section 4. Autoclave and Sterilisation Room

Instructions: Direct these questions to the person in charge of autoclaving and sterilisation. An item is not functional if it is in need of repair. In order to select “Available today and functional” at least one must be functional.

Prompt: “I’d like to ask you a few questions and make observations about this facility’s autoclave room.”

No.	Item	Is at least 1 available and functional?		
		Available today and functional	Available today, but not functional	Not available today
	Autoclave room items: Does the facility have...? <i>(Read all items out loud)</i>			
4.01	Separate autoclave room	☐	☐	☐
4.02	Autoclave with temperature and pressure gauges	☐	☐	☐
4.03	Hot air steriliser (dry oven)	☐	☐	☐
4.04	Steriliser/pressure cooker, electric	☐	☐	☐
4.05	Steriliser/pressure cooker, kerosene heated	☐	☐	☐
4.06	Sterilisation drum	☐	☐	☐
4.07	Sterilisation drum stand	☐	☐	☐
4.08	Autoclave tapes	☐	☐	☐

Facility Code:

Section 5. Communications Systems

Instructions: Direct these questions to the hospital management or communications officer. An item is not functional if it is in need of repair.

Prompt: “The next few questions I’d like to ask you are related to communication systems.”

5A. Communication Methods

Which of the following communication methods are available and functional at this facility? In order to select “Available and functional” at least one must be functional.

No.	Item	Is at least 1 available and functional?			Which of the following methods are regularly used for communicating referrals into and out of this facility? (<i>Skip for methods not available</i>)	
		Available today and functional	Available today, but not functional	Not available today	Used for referral	Not used for referral
5.01	Landline telephone in labor and delivery	☐	☐	☐	☐	☐
5.02	Landline telephone in the neonatal unit	☐	☐	☐	☐	☐
5.03	Landline telephone elsewhere in facility	☐	☐	☐	☐	☐
5.04	Cell phone owned by facility	☐	☐	☐	☐	☐
5.05	Cell phone provided to individual staff	☐	☐	☐	☐	☐
5.06	Public telephone in the vicinity	☐	☐	☐	☐	☐
5.07	Two-way radio	☐	☐	☐	☐	☐
5.08	Internet connection in labor and delivery	☐	☐	☐	☐	☐
5.09	Internet connection in the neonatal unit	☐	☐	☐	☐	☐
5.10	Internet connection elsewhere in facility	☐	☐	☐	☐	☐

5B. Communication Infrastructure

No.	Item	Response	Skip to
5.11	Is the cell phone signal at this facility very dependable, somewhat dependable or not very dependable? Or does it not exist? (<i>Select one</i>) • Very dependable: signal available for most calls when it is needed • Somewhat dependable: signal available for some calls when it is needed • Not very dependable: signal available for few calls when it is needed	☐ Very dependable ☐ Somewhat dependable ☐ Not very dependable ☐ No cell phone signal	—

Facility Name:

Facility Code:

No.	Item	Response	Skip to
5.12	Is the internet signal at this facility very dependable, somewhat dependable or not very dependable? Or does it not exist? (<i>Select one</i>) • Very dependable: signal usually available when it is needed • Somewhat dependable: signal sometimes available when it is needed • Not very dependable: signal not usually available when it is needed	☐ Very dependable ☐ Somewhat dependable ☐ Not very dependable ☐ No internet signal	—
5.13	Does this facility have access to a closed user group (CUG) system? <i>(A CUG system is a service for mobile phone users to make calls and send SMS within a specified group of people)</i>	☐ Yes ☐ No ☐ Unknown	—
5.14	Is it a policy in this facility to reimburse staff who use their cell phones for work-related calls?	☐ Yes ☐ No	If “No”, 5.16
5.15	Who does the facility reimburse for work-related calls?	☐ All staff ☐ Senior staff only (e.g. nurse in-charge / head of department) ☐ Other (specify below)	—
5.16	Which of the following areas at this facility have a functioning computer? <i>(Read all options out loud. Select all that apply.)</i>	☐ No computer ☐ Neonatal unit ☐ KMC unit ☐ Labor and delivery ward ☐ Postnatal unit ☐ Paediatric ward	—

Section 6. Transportation

Instructions: Please direct these questions towards the hospital management or the transport officer. Darkened cells require no answer. Please do not leave any variable blank. If a response is unknown, write “unknown” or select “unknown” from the multiple-choice answers.

Prompt: “Now I’m going to ask you about the modes of transportation available for emergency referral.”

6A. Patient Transport for Referral

No.	Item	Response
6.01	How are newborns transferred into this facility from another facility? <i>(Select all that apply)</i>	☐ By KMC ☐ By incubator/radiant warmer ☐ By hand ☐ In a cot ☐ Not applicable
6.02	How are newborns transferred out of this facility to another facility? <i>(Select all that apply)</i>	☐ By KMC ☐ By incubator/radiant warmer ☐ By hand ☐ In a cot ☐ Not applicable
6.03	Does the facility organize and pay for private transport for referral? <i>(Private transport might be organized if the facility does not have any vehicles or if fuel is not available)</i>	☐ Yes ☐ No

No.	Item	How many are available in total? (If none are available, write 0)	How many are out of service due to needing repair?
6.04	Motor vehicle ambulance (a four wheeled vehicle e.g. car, truck, land cruiser, utility vehicle)		
6.05	Motorised tricycle ambulance		
6.06	Motorcycle		
6.07	Bicycle ambulance		
6.08	Motorised boat		
6.09	Non-motorised boat (e.g., paddle boat, canoe)		
6.10	Animal drawn cart		
6.11	Stretcher (not part of ambulance)		
6.12	Other <i>(please specify)</i> :		

Instructions: Skip to Section 6C if there are no motor vehicles, motorcycles or motorised boats at the facility.

Facility Name:

Facility Code:

6B. Motor Vehicles (including motor vehicles, motorcycles and motorised boats)

No.	Item	Response
6.13	Is there a routine preventive maintenance schedule?	☐ Yes ☐ No ☐ Unknown
6.14	Is there someone responsible for providing corrective maintenance to motor vehicles when needed?	☐ Yes ☐ No
6.15	Are there funds available today for maintenance or repair if they were needed?	☐ Yes ☐ No ☐ Unknown
6.16	Is there a fuel management plan? <i>(This means that the health facility has a fuel management plan and a local buffer stock, with an adequate budget as required, at all times)</i>	☐ Yes ☐ No ☐ Yes, but not observed
6.17	Is sufficient fuel available today to transport newborns if needed? <i>(If this is a lower-level facility, fuel should be available today to bring the newborn to a higher-level facility. If this is a higher-level facility, fuel should be available today to bring the newborn to a lower-level facility. If this is a highest-level facility that does not refer to lower-level facilities, select "Not applicable".)</i>	☐ Yes ☐ No ☐ Unknown ☐ Not applicable
6.18	Is there a driver available today to transport newborns if needed? <i>(If this is a lower-level facility, the driver should be available today to bring the newborn to a higher-level facility. If this is a higher-level facility, the driver should be available today to bring the newborn to a lower-level facility. If this is a highest-level facility that does not refer to lower-level facilities, select "Not applicable".)</i>	☐ Yes ☐ No ☐ Unknown ☐ Not applicable
6.19	Is there a nurse or any other paramedic available today to transport newborns if needed? <i>(If this is a lower-level facility, the nurse or paramedic should be available today to bring the newborn to a higher-level facility. If this is a higher-level facility, the nurse or paramedic should be available today to bring the newborn to a lower-level facility. If this is a highest-level facility that does not refer to lower-level facilities, select "Not applicable".)</i>	☐ Yes ☐ No ☐ Unknown ☐ Not applicable

6C. Transport for Referral

No.	Item	Response
6.20	How far is the nearest referral facility from you? <i>(Enter number in kilometres. If unknown, write "unknown". If this is already the highest-level facility, write "not applicable")</i>	km
6.21	How long does it take to drive to the nearest referral facility? <i>(Estimate or give your best guess)</i> <i>(Enter number in minutes for normal traffic conditions. If unknown, write "unknown". If this is already the highest-level facility, write "not applicable")</i>	minutes

Facility Code:
